## Rescore

We've told you about our knack for speed and accuracy, and here's another example: Our rescore process is updated credit information from the three national repositories (Equifax, Experian and TransUnion). The Rescore process may help your borrower qualify for a loan or achieve a better rate with an accurate credit score.

### **Why do a Rescore?**

- Update status on accounts via balance or paid in full status.
- Remove an authorized user account.
- Deletion of collection accounts in an expedited time frame
- And more.

Also, if you use [CreditXpert@Wayfinder](#) and/or [CreditXpert@What-If Simulator™](#) to analyze your applicant's credit and identify opportunities to improve their scores, the rescore process may outline their efforts to obtain the desired projected score recommended by these tools.
